Colilmington Journal WILMINGTON, N. C.

FRIDAY, SEPTEMBER 3, 1875. THE CURRENCY QUESTION.

It would be dificult, indeed, it would be well nigh impossible to over esti-One of the early statements of the mate the importance to the South of a principles of the new party, whose probable candidates are said to be right adjustment of the currency quesof Mississippi (and very able men these

The issue before the country just now, is between special or hard money and soft or paper or rag money. as it is termed, according to the various tastes of men. The hard money people desire to have a specie currency and such paper money only as may be instantly convertible into specie at its face value. To bring about this convertibility it is proposed to reduce the volume of the paper currency up- the first meeting of the delegates of so small that it will readily bring its for example, the second resolution cultural society to deliver an address. fered. As a class, the men who ad- fully come when the people should revocate this policy are creditors who sume their sway over the affairs of the Davis has made up his mind not to hold the obligations of their fellow nation and organize anew, abjuring men autered into when paper money that which is useless or dangerous in was much less than gold, and will the experience of the past and adopthave prices reduced so that they can ing such measures as are adapted to get five pecks of corn for a debt | the changed condition of the country.' which, when contracted, could have been paid with four pecks.

This is the theory and will be the practical effect of the specie po.ioy, How unjustly it will operate between different sections of the country will be seen at a glance when it is remembered that the South is now and has been overwhelmingly in debt

But to hear these hard money peolde talk one would think that with an immediate return to specie payments tinued, while the previous resolution with its inevitable "shrinkage" in had declared that "dishonesty in pubvalues the millenium would begin lie office is a henious crime, which at once, and peace and plenty and prosperity and good seasons and good law than our statutes at present procrops and happiness and long life and vide." The positiveness with which would fill the land with joy and gladness. Unfortunately the facts do not bear out this idea. It happens there is a land within this bread Federal domain, that has never received but the" policy and shunning any decisive blessings from "the test government the world ever saw," that has never disapprove, declared with a sudden looked upon the old flag save as the burst of energy that "My love for the symbol of power and protection, and North and South are equal, so I'll just that is now and ever has been a land answer plump and frank, no matter of pure specie delight, and whose peo ple know neither soft money, nor paper money, nor rag money, and yet they are not happy. To them, the with most indisputable truth, that crisp rattle of the new bank note and great combinations, monopolies and the greasy smell of the old one are corporations, which tend to concenequally unknown while the chink of coin trate capital and oppress the people, is a familiar sound. If there was ever | should be under the strict supervision a community favorable to the specie of law. This proposition, as thus put, or hard money theory, California is is en irely safe and utterly unobjecthe land.

And yet with all its millions upon millions of gold and silver coined and the seventh, namely, that every effort precised, the business community of should be made to secure to the farmthat State is to day shaken from centre | er and manufacturer the full reward to circumference with fear and panic. for their labor, and to make the trans-The great bank of that State, the great actions of trade convenient and secure. bank of the Pacific Coast, the Bank of the past week shut its doors, just a sacred pledge for the fulfillment of tout the New York Herald says, shakes and convulses every commercial and bound. As if this last resolution were mining interest west of the Rocky

its liabilities are \$14,000,000, and its declaring that "a sudden inflation of n ets are \$7,000,000, and liable to the national currency in the interests "sbrinkage' at that, in spite of its be- of speculators or a sudden contraction ing a specie company and a specie for the same ends are alike disastrous."

Nor is this all. The National Gold either inflation or contraction in Bank and Trust Company has closed its | the interests of speculators? We all doors, and so has the Merchants' Ex- denounce them both. The real ques- Republican leaders. The absence of change Bank-both of them specie tion is which the new party goes for, banks !

What does all this teach us? That the interests of speculators? The exis jurious to a country, and unable to afford facilities for the transaction enough for the most contradictory poof business? Not at all. It does litical schools to stand upon, and india teach, however, that specie, or hard m ney, alone, will not make a country prosperous, nor prevent fraud, the most ultra partisan on any subject nor stop overtrading. Nor is soft whatever. Of its founders it may be money any more responsible for the troubles upon the Atlantic coast, then is specie responsible for the trouble upon the Pacific.

HON, THOMAS S. ASHE.

The Loui-burg Courier says that "with the possible exception of Mr. Jame" our entire congressional delegation took the stump in favor of the t invention during the recent camp ugu, and in so saying, does unintentionally, a very great injustice to

We take great pleasure in assurall over the North, the defalcation, ing at the Courier that Mr. ASRE ot only took the stump, but Bank officers, tell too plainly of the that he kept it during the recent campaign, speaking in The Northern people are just beginbehalf of the good cause wherever ning to feel the results of reconstrucopportunity offered. Only the day before the election he spoke in Lumberton, in Robeson county, and we well remember the complimentary see that they were killing the goose terms used in regard to Mr. Ashe's which laid their golden egg. campaign prior to that time and further up the country, in ourcorrespondence

Mr. Ashe is not the man to falter in months, it may be regarded as fortuthe performance of any duty that his State or his party demand from him. The same strong sense of duty controls him now that animated him in 1868. when, at the request of the State Executive Committee of the party, he condea of American civilization and polsented to lead a folorn hope as our itics. Discussing the late Davis-Kimcandidate for Governor, and that too when others had declined the perilous honor. North Carolina has no truer son than THOMAS S. ASHE.

THE UNIVERSITY. We learn from the Raleigh Sentine! that on the application of Mr. Kemp P. Battle, Secretary and Treasurer of the University, Col. J. W.
